

Support Claudy's House

Claudy's House for Developmentally Challenged is a 501(c)(3) non-profit organization. Funds are currently being raised for operating expenses as well as to acquire and convert an existing home in the southern sector of Dallas. The first home in Dallas will serve as a model for other group homes across the country. Plans are underway to establish three Claudy's Houses over the next five years, primarily in under-served minority neighborhoods. With your help, Claudette's dream can be achieved. Your donation will support developmentally challenged young adults and will give them access to a safe, loving Christian living environment. All donations are tax deductible, and all donors will receive a receipt for tax purposes. To send a check or Money order make it out to: Claudy's House
